CHESS PLAYERS & WOODPUSHERS

Word has been received from Mark Weiss at Faulkton S D that he and his fellow chess associates ventured to Aberdeen to play a unrated match. Aberdeen topped Faulkton 19-9. This is understandable, Aberdeen is much bigger in population & has many more players to draw from. Hope more matches like this can be arranged.

A visit on the phone with Cam Starr of Mitchell this last week indicates a team match, rated, between Pierre and Mitchell is a good possibility in the next couple months.

Art Bayley reported that he read in the paper of a Chess Tourney at the School of Mines in Rapid City, about 25-30 players. Sounds like they may have something going in that area.

* * * * *

The word is that Paul Salem has moved to Denver, hate to lose one of our very few dedicated chessmen. * * * * *

Among the 9 individuals that returned the \$1.00 for mailing list retention was Bill Lynch, Laramie Wyoming. He also enclosed an additional \$2.00 contribution to help the promotion of area chess, "THANKS MR LYNCH".

* * * * *

Sounds like Karpov(hope that is spelled correctly), the young Russian coming up the chess ladder, is to be major factor in world chess. He won the international tournament held in San Antonio Texas recently.

North Dakota Held its 1972 Championship meet 7-8 Oct with Gary Kitts winning the title over Don Varvel on tie-breaks, each with 4½ pts.

Forty-one participated in the open section. Thirty-six participated in the amateur section.

Bobby Fischer had quite an interview on the J. Carson show about 8 Nov 72, this viewer enjoyed it. How many saw Bobby perform his mental magic on the puzzle?(the plastic number game, w/15 numbers to get in order)
